Discovering  
**potential**

Empowering  
**success**

*Idaho Learning Center  
& Academy*

## Who We Are:

Idaho Learning Center (ILC) encourages students who learn differently to reach their fullest potential by providing a highly effective approach to education and remediation. Dyslexia and other language based learning differences hinder the success of many smart students. In fact, 1 in every 10 students will suffer from a difficulty that can seriously hinder the learning process. ILC provides an individualized approach to the needs of the student by using highly effective interventions along with the support of a powerful mentoring approach.

## What Parents are Saying:

"The Idaho Learning Center has been a tremendous blessing to our family. After spending thousands of dollars and countless attempts with other programs promising results, we now are confident that our daughter will succeed. For the first time ever, we are reading together without tears. Thank you, ILC."

- Parents of a 13-year-old with dyslexia

## The Idaho Learning Center:

The Idaho Learning Center provides highly effective educational therapy and support for students of all ages by building confidence and competence where they struggle to learn.

**Strategic, individualized interventions result in lasting change!**

Students receive intervention during or after school at least twice a week. Our educational therapists provide advocacy and case management as necessary to help cement the student's growth.

## The Academy:

The Academy is a school for students in grades 3-12 with dyslexia and other diagnosed learning differences. Our small class sizes (8-10) and individualized plans improves each student's area(s) of weakness while developing his/her strengths. The Academy equips students with tools for success in learning and in life with the goal of preparing students for college and beyond.

## Our Services:

We offer a variety of services, tailored to each student.

### The Idaho Learning Center:

- Educational Therapy during or after school
- Tutoring
- ACT/SAT Test Prep
- Independent Study
- Summer Camps
- Summer Tutoring

### The Academy:

- A school for grades 3-12 that provides a non-traditional education for students with dyslexia and other learning differences.
